Entertain With Shower For Bride-Elect

Mesdames Maurice Artigues, Sheldon Seumeneau, Lucien Kidd and Charles F. Mitchell entertained Sunday afternoon at a linen and lingerie shower for bride-elect Miss Barbara Kidd.

Easter lilies and greenery trimmed the Artigues home for the occasion, and the table covered with a white linen cloth held a tiered cake and white blossoms. Miss Kidd who wore a beige sheath was presented a corsage of pink sweetheart roses. Her mother was given a corsage of purple cornflowers.

The wedding of Miss Kidd and Mr. Gerald William Rigby will be an event of May 27 in Our Lady of the Gulf Catholic Church.

Miscellaneous

Shower

Miss Susan Favre, daughter of Mr. and Mrs. Joseph E. Favre of Kiln, Miss., was honored at a miscellaneous shower Saturday at the home of Mrs. Earl E. Ladner with Mrs. Larry Ladner of Picayune as co-hostess.

Greenery and magnolia blossoms decorated the reception room and the table, which was covered with a linen cut-work cloth. Miss Favre wore for the occasion a black and white trousseau frock and was presented a corsage of measuring spoons.

The wedding of Miss Favre and Mr. Jimmy Ray Hoda, son of Mr. and Mrs. Albert Hoda, Rocky Hill Community, will take place in June in the Church of the Annunciation, Kiln.

Out of town guests attending the shower were Mesdames Bernard Curet, Gertrude Fleming, and Mrs. F. Helmer, all of New Orleans and Mrs. Lee Fuente of Picayune.

CELEBRATES FIFTH BIRTHDAY

A pink and white color scheme was used in the decorations and refreshments when Susan Chapman celebrated her fifth birthday Wednesday at the Felicite Street home of her parents, Mr. and Mrs. Russell Chapman.

Enjoying the occasion with Susan were Mollie McDonald, Stephen Winnard, Caffey Lee Ramsey, Leigh Ann Russo, Lisa White, Carleen Murphy, Kemie Merritt, Dorsi Merritt, Dollie McDonald, Milan Winnard.

McConnor-Colson Wedding

Our Lady of Perpetual Help

Church in Kenner, La. was the setting for the recent wedding of Miss Gail Faith Colson, daughter of Mr. and Mrs. Victor Colson of this city, and Mr. John F. McConnor, son of Mr. and Mrs. John McConnor of Metairie, La.

Given in marriage by her father, the bride wore a lace and antique satin gown. The fitted bodice of Chantilly lace was trimmed with seed pearls, and the full skirt ended in a train.

Her finger-tip veil of illusion fell from a tiara of seed pearls and she carried a missal topped with white roses and orchids.

Mrs. Wesley Hicks, Jr., of Metairie, La., sister of the bride was matron of honor; another sister, Mrs. June Lea, of Brookhaven, Miss., was bridesmaid, and Miss Mary McConnor, sister of the groom, was junior bridesmaid. They wore identical dresses of aqua silk organza over taffeta, matching slippers and carried bouquets of pale yellow carnations. They were matching flowers in their hair.

Mr. McConnor was his son's best man. Groomsmen were Mr. Frances Najolia and Mr. Phillip Doeschner Jr. Serving as ushers were Messrs. Curtis and Victor Colson, brothers of the bride.

White blossoms and greenery decorated Ernie's Lounge in Metairie, for the reception following the ceremony.

Mrs. Colson assisted in receiving their guests wearing a white linen frock with beige accessories. The mother of the groom wore a navy blue silk dress and beige accessories. They wore orchid corsages.

The bride traveled in a navy blue suit with matching accessories.

COAST ELECTRIC HOLDS COMMUNITY MEETING AT NORTH CENTRAL SCHOOL

A community meeting of Coast Electric Members was held on Friday night, at North Central School, sponsored by the R.T.A. of the School.

The meeting included a technical film, an address by Manager H. H. Shattuck, a question and answer period and over \$100 worth of door prizes.

This was one of a series of Community Meetings of Coast Electric Members being sponsored by the Parent-Teachers Associations of the various schools in Coast Electric's service area.

The purpose of these meetings is to better inform Coast Electric members of the operations of the Association.

Manager Shattuck expressed his belief that an informed member is a better satisfied member, and he will endeavor through this medium of cooperation on the part of the Parent-Teachers Associations to bring the rural electrification and Coast Electric stories home to the members.

Nearly two hundred persons, including members and guests were in attendance at the Friday night meeting.

Prize winners were as follows: M. Q. Adams, Rt. 1, Pass Christian; Munsey Owen Toaster; Clayton J. Ladner, Rt. 1, Pass Christian; West Bend Coffee Maker; Alex Ladner, Rt. 1, Pass Christian; West Bend Waterless Cooker; Melvin Ladner, Rt. 1, Pass Christian; Dominion Steam and Dry Iron, Ironing Board Pad and Cover; S. March winds in May and high tides have put a damper on fishing and soft shell crabbing. However a few fish have been caught and a few crabs have been gotten at off-times. Floundering is bad too.

Speckles are beginning to show up at the Keys and some were caught over the weekend at Waveland off the seawall.

Hard crabs were caught over the weekend on the R.R. and Highway bridges.

Mr. and Mrs. Eddie Blaine got some hard crabs Sunday on the R.R. Bridge — Better watch those

Christian, Pulley Lamp.

A Bag-O-Bulbs was won by each of the following: Donna Sue Lee, Rt. 3, Picayune; Leo Rouse, North Central School Teachers Homes; Alex Ladner, Rt. 1, Pass Christian; Katie Favre, Rt. 1, Bay St. Louis; Donald James Neacise, Rt. 1, Pass Christian; Mrs. Pinkie Smith, Rt. 2, Perkinston; Mrs. Charlie Hoda, Rt. 1, Pass Christian; Steven Ladner, Rt. 1, Pass Christian; Maybell Smith, Rt. 1, Bay St. Louis; Ervin Hoda, Rt. 1, Pass Christian.

Fracturing time is here again. A few have been reported as being caught lately. For those who don't know the Bull Frog as they are known, the web footed fellow is a real treat on the table. Its hind legs makes it the favorite market frog. They are caught mostly in water holes and lakes by digging or by experts by hand. Sheriff Price was one of the best at the sport of catching frogs. If you haven't tried eating them you have missed a treat.

The softball season will open on May 20th. Teams are organized and raring to go. A tournament was held Sunday at Kiln and was won by the Knock-Knock team which beat McDonald's Cleaners of the Pass in the finals 9 to 4.

Carl Banderet and Joe Kern report catching a few speckles over the weekend at the keys.

The Club Tournament at Pass Isles Golf Club is in progress right now. Members (both men and ladies) are fighting it out for top honor in each division.

On fresh water fishing, Jerome Carver, August Rauxet, Alden Mauffray, Horatio Favre, Dec Elliott and other reported catches last week.

The speed boat races held Sunday sponsored by the Stanislaus Sidelines Club drew a large crowd and was a spectacular event.

Speaking of golf, the course at Pass Christian Isles is at its best just now thanks to Pro Dick Tarleton who is doing a wonderful job of improving the course. Work is progressing daily

LOYALTY DINNER AT FIRST BAPTIST CHURCH APRIL 28

The Loyalty Dinner of the First Baptist Church was held at the Gulfshore Baptist Assembly last Friday, April 28th. A total of 202 persons attended the dinner and 45 of the church's children under nine years of age participated in the Children's Party which was conducted at the church. This party was planned and led by the Women's Missionary Society of the Waveland Baptist Church.

Sidney Ball served as Master of Ceremonies, named commodore because the theme for the decorations was sailing. Model sail boats were placed among the ivy and red roses on each table. James Fillingame expressed the invocation. Following the dinner, Ed Montgomery led the entire group in singing. Tom Logue recognized the chairman of the various committees that had worked during the Stewardship emphasis.

Charles Thomas presented the budget goal by means of individuals speaking their evaluations of the ministries included in the church program. Dr. Franklin Atkinson delivered a humorous recitation. Russell Chapman spoke briefly about the goal for reaching the total budget goal. Dr. A. P. Smith gave certain highlights of the church's history since its beginning in 1877. "The first sermon by a Baptist preacher delivered in this area was in 1846," Dr. Smith related. The pastor spoke briefly entitling his message, "The Human Interest Program." Dr. Harvey Reese prayed the closing prayer.

The Stewardship Emphasis closed Sunday evening when General Chairman, Tom Logue, presented the Commitment Cards as a

group, and they were dedicated to God as an objective expression of sincere worship. The service began at 7:30 p.m.

THIRD BIRTHDAY PARTY

Foster Dugas celebrated his third birthday with a party recently at the home of his parents, Mr. and Mrs. Wayne Dugas. A cowboy theme was used in the decorations, and a large cake trimmed in keeping with the theme, centered the table.

Chemical "policeman" in today's Super Shell guards against gum-fouled carburetors —to give your car top performance

One special ingredient among the nine in today's Super Shell gasoline is a gum preventive.

Like a policeman dealing with a mob, it works to keep unstable elements from clotting together. Hence no gum problem. Result: top performance.

Imagine an ingredient so effective that only one thousandth of an ounce is enough to treat a gallon of gasoline.

This tiny drop is all today's Super Shell needs to have off gum troubles that can hamper your car's performance.

Gum forms when even the purest gasoline is held in storage. Unstable elements in the fuel combine chemically with oxygen and with each other. The latter is what scientists call polymerization (a good thing if you want to make plastics, but not if you want top performance from your gasoline).

Shell tackles the situation with a special inhibitor that is designed to keep gum from forming.

Where the trouble strikes

Gum usually ends up on sensitive carburetor parts, where it can foul the automatic choke and cause low with a 25% air-fuel mixture.

Too rich a mixture can waste gallons of gasoline. Too weak a mixture can burn valves. Either way, gas costs more money.

In extreme cases, gum can even stop your engine. That's why Super Shell's special gum preventive is so important.

jobs done by the 9 ingredients in Super Shell to give your car top performance. You owe it to your car to learn what each of the others can do for you, too.

#2 is TCP for power, mileage and longer plug-life

Today's Super Shell now contains an even better version of this famous additive. Its name is cresyl-diphenyl-phosphate.

TCP® additive can give your car up to 15 per cent more power; up to 17 extra miles per tankful; and can make spark plugs last up to twice as long.

New TCP does this by neutralizing certain effects of combustion deposits. It is scientifically formulated to keep them from glowing when hot—a major cause of power loss. Also, from diverting your spark—a major cause of "missing."

#3 is "cat-cracked" gasoline for power with a purr

This is petroleum that has actually cracked under 900-degree heat and catalytic action. Its heavier molecules have been shattered into lighter ones.

The result is a super-octane ingredient that makes your engine purr with power the moment you put your foot down.

They insist on adding a special anti-knock mix. A mix so effective, one teaspoon per gallon can boost anti-knock rating by five points.

This mix has the ability of regulating combustion of Super Shell gives each spark a firm, even push—rather than a cheap blow which would cause a knock.

You can forget this ugly picture if you fill your tank with today's Super Shell. It shows the gum that could form in your fuel system if you didn't use a gasoline with an efficient gum preventive.

this high-octane ingredient for Shell aviation fuel.

Alkylate—which took the dream of 100-octane gasoline out of the lab and put it into the skies—is now in Super Shell. It controls knocking in hot engines at high speeds far better than anything else yet available.

NOTE: Speaking of controlling knocks at high speeds, remember that car engines frequently turn even faster than the engines of a DC-7. Think of this next time you pass another car.

#5 is anti-knock mix for extra resistance to knocks

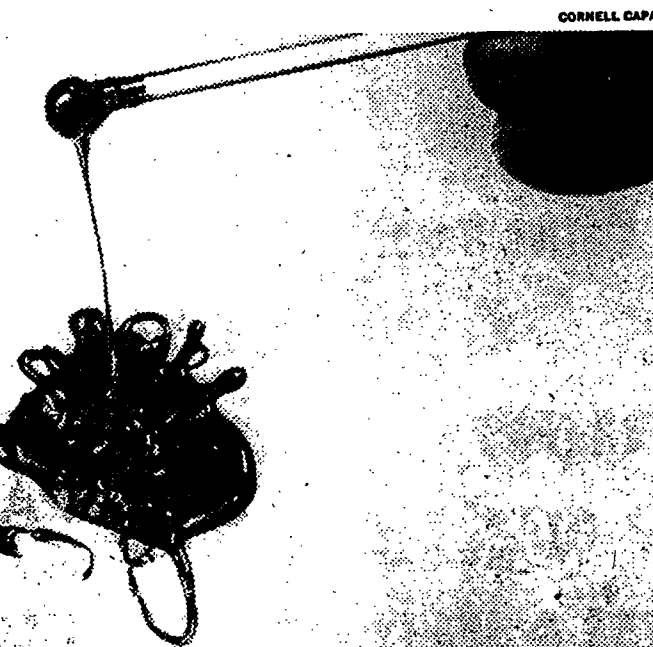

You might think that two high-octane ingredients are enough for knock-free performance. But Shell's scientists have ears like musicians.

They insist on adding a special anti-knock mix. A mix so effective, one teaspoon per gallon can boost anti-knock rating by five points.

Think what this extra volatility means in cold weather.

Your engine fires in seconds. There is less strain on your battery. And none on your patience. NOTE: Super Shell is primed with Butane all year. In winter, Shell scientists just increase the dose.

#7 is Pentane mix for fast warm-ups on cold days

Pentanes are made by tearing gasoline apart, much as you split kindling to start a log fire.

In this case, the "logs" are petroleum's heavier hydrocarbons. A special process transforms their molecules from slow-burning "logs" into the quicker-firing "kindling."

NET RESULT: Fast warm-up and top performance in a hurry.

#8 is an "anti-ice" to check cold-weather stalling

Super Shell's formula is adjusted up to eight times a year to beat the weather. For example, when even the temperature is likely to be less than forty-five degrees, a substance called anti-ice is added.

Why add anti-ice when forty-five degrees? Because, even then, frost can form in your carburetor just as it does in your refrigerator. It can stall your engine.

a child's gift

A child's gift is something small. I wish that I could give this little girl something that would mean as much to her as her flowers mean to me. But I know that just now, I can't. For she won't recognize my gift until much, much later.

Then, I hope she'll look back on her memories of me and say, "The first time I ever went to church, I went with my Grandpa. You know, I don't think she ever missed a Sunday at church in her life..."

Though I have missed a Sunday now and then when I was sick, or had to stay home with my young ones, I never have missed going to church if there were a way to get there. And this habit—a wonderful habit—is something that I've passed along to my son, and that I've seen him pass along to his daughter.

This is a precious heritage. For having a regular place for the Church in one's life, from childhood on, gives one a faith that endures forever.

THE CHURCH FOR ALL

ALL FOR THE CHURCH

The Church is the greatest force in our life for the building of a better and more just society. It is a community of spiritual values. Without a strong Church, we cannot have a strong nation. There are two main reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For the sake of the community and nation. (3) For the sake of the Church itself, which needs his love and financial support. Please go to church regularly and support your Church.
